

PRESS RELEASE

Advance Agrolife reports Q3 & 9M FY26 results

**Advance Agrolife’s 9M FY26 revenue at ₹ 5153.9 million increases by 25% Y-o-Y
9M FY26 PAT at ₹ 278.2 million increases by 15% Y-o-Y**

Jaipur, February 07, 2026: Advance Agrolife Limited (AAL), a leading agri-input company, has announced its results for the third quarter and nine months ended on December 31, 2025.

Q3 & 9M FY26 key highlights

AAL’s Q3 FY26 revenue at ₹ 1338 million increased by 18% Y-o-Y on the back of increased demand and addition of new customers. Revenue for 9 months ended on December 31, 2025 was ₹ 5153.9 million; a robust 25% increase Y-0-Y.

EBITDA for Q3 FY26 at ₹ 73.5 million increased by 16% Y-o-Y; and EBIDTA for 9M FY26 rose by 20%. EBITDA margin for Q3 and 9M were 5.5% and 9.8% respectively. PAT for Q3FY26 at ₹ 30.1 million was up 8% whereas PAT for 9MFY26 at ₹ 278.2 million was up by 15%.

During the quarter, AAL set up a new R&D laboratory focused on developing innovative product combinations and strengthening our long-term product pipeline.

AAL is in the process of setting up a 3.75 MW solar power plant to increase the use of renewable energy and reduce its carbon footprint.

AAL is considering setting up of manufacturing facilities for Pretilachlor and PEDDA, with installed production capacities of about 13 tonnes per day and 10 tonnes per day respectively. This integration will enhance our operational control and support margin improvement.

AAL aims to commence operations at our new Unit-4 technical manufacturing facility at Gidani (Raj.) by Q2 FY27, with an estimated first-phase capital expenditure of approximately ₹ 250 million. This expansion will significantly enhance the company’s technical manufacturing capabilities and support future growth.

Financial Highlights – Q3 & 9M FY26

Particulars (₹ Millions)	Q3FY26	Q3FY25	YoY	9MFY26	9MFY25	YoY
Revenue	1338.0	1133.8	18%	5153.9	4127.8	25%

PAT	30.1	27.7	8%	278.2	242.1	15%
Diluted EPS (₹ Per share)	0.47	0.62	(25%)	4.33	5.38	(20%)

Commenting on Q3 FY26 financial performance, **Mr. Om Prakash Choudhary, Chairman & Managing Director**, said, “Advance Agrolife has delivered a steady and consistent performance during the quarter, supported by our improved operational efficiencies and higher production levels. After completing more than a year of stable operations at our technical plant, we have successfully streamlined processes and strengthened our product portfolio. During the quarter, we added new B2B customers in our crop protection segment, further expanding our business reach and reinforcing our market presence. The company is actively pursuing export registrations in regulated markets and expect exports to contribute meaningfully to our growth trajectory in the coming years.”

About Advance Agrolife Limited

Advance Agrolife Limited (AAL) [BSE: 544562; NSE: ADVANCE] is a leading manufacturer of a broad spectrum of technical and formulated agrochemical products, including insecticides, fungicides, herbicides, and plant growth regulators, primarily serving the B2B segment. The company operates three state-of-the-art manufacturing facilities and is in the process of establishing its fourth facility in Jaipur, Rajasthan, India. These facilities are supported by well-equipped quality testing laboratories to ensure consistent product standards. Advance Agrolife holds over 400 product registrations across herbicides, insecticides, fungicides, and plant growth regulators, enabling extensive market penetration and a strong presence in the agri-input industry.

Forward-Looking Statement:

These forward-looking statements are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements. This could be due to risks or uncertainties associated with expectations relating to, and including, regulatory changes pertaining to the industries in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, changes in the incidence of any natural calamities and/ or violence, regulations and taxes and changes in competition in the industries in which we operate.
